

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant : Jun Koyama et al.                      Art Unit : Unknown  
Serial No. : Unassigned                      Examiner : Unknown  
Filed : August 17, 2001  
Title : LIQUID CRYSTAL DISPLAY DEVICE AND METHOD OF DRIVING THE  
SAME

Commissioner for Patents  
Washington, D.C. 20231

**PRELIMINARY AMENDMENT**

Prior to examination, please amend the application as follows:

In the claims:

**Amend claims 10, 11, 21, 22, 34, 35, 48, 49, 52, 53, 56, 57, 60 and 61 as follows:**

10. A device according to claim 1, wherein the liquid crystal display device is incorporated in an electronic device.
11. A device according to claim 10, wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.
21. A device according to claim 12, wherein the liquid crystal display device is incorporated in an electronic device.
22. A device according to claim 21, wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.
34. A device according to claim 23, wherein the liquid crystal display device is incorporated in an electronic device.

35. A device according to claim 34, wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.

48. A device according to claim 36, wherein the liquid crystal display device is incorporated in an electronic device.

49. A device according to claim 48, wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.

52. A method according to claim 50, further comprising incorporating the liquid crystal display device in an electronic device.

53. A method according to claim 52, wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.

56. A method according to claim 54, further comprising incorporating the liquid crystal display device in an electronic device.

57. A method according to claim 56, wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.

60. A method according to claim 58, further comprising incorporating the liquid crystal display device in an electronic device.

61. A method according to claim 60, wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.

REMARKS

The amendments to the claims made herein are to correct minor grammatical errors and to place the application in better form for examination. No new matter is added.

Attached is a marked-up version of the changes being made by the current amendment.

Applicants ask that all claims be examined. Please apply any charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,

Date: August 17, 2001

**Version with markings to show changes made**

In the claims:

**Claims 10, 11, 21, 22, 34, 35, 48, 49, 52, 53, 56, 57, 60 and 61 have been amended as follows:**

10. (Amended) A device according to claim 1, wherein the **[An electronic device comprising a]** liquid crystal display device is incorporated in an electronic device **[according to claim 1].**

11. (Amended) A device according to claim 10, **[An electronic device according to claim 10,]** wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.

21. (Amended) A device according to claim 12, wherein the **[An electronic device comprising a]** liquid crystal display device is incorporated in an electronic device **[according to claim 12].**

22. (Amended) A device according to claim 21, **[An electronic device according to claim 21,]** wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.

34. (Amended) A device according to claim 23, wherein the **[An electronic device comprising a]** liquid crystal display device is incorporated in an electronic device **[according to claim 23].**

35. (Amended) A device according to claim 34, **[An electronic device according to claim 34,]** wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.

48. (Amended) A device according to claim 36, wherein the **[An electronic device comprising a] liquid crystal display device is incorporated in an electronic device [according to claim 36].**

49. (Amended) A device according to claim 48, [An electronic device according to claim 48,] wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.

52. (Amended) A method according to claim 50, further comprising incorporating the liquid crystal display device in an [An] electronic device [employing a method of driving a liquid crystal display device according to claim 50].

53. (Amended) A method [An electronic device] according to claim 52, wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.

56. (Amended) A method according to claim 54, further comprising incorporating the liquid crystal display device in an [An] electronic device [employing a method of driving a liquid crystal display device according to claim 54].

57. (Amended) A method [An electronic device] according to claim 56, wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.

60. (Amended) A method according to claim 58, further comprising incorporating the liquid crystal display device in an [An] electronic device [employing a method of driving a liquid crystal display device according to claim 58].

61. (Amended) A method [**An electronic device**] according to claim 60, wherein the electronic device is selected from the group consisting of a television set, a personal computer, a portable terminal, a video camera, and a head mounted display.
